

**We are  
with you  
from project  
to service**

**We support VARIOUS INDUSTRIES**

Food Industry

Chemical Industry

Pharmaceutical Industry

Energy Industry

Industry Sector

Transport Sector

**We provide solutions for MANY MEDIUMS**

Water

Steam

Air

Oil

Glycol

Freon

Ammonia

CO<sub>2</sub>

## CONTROL AND MEASUREMENT AUTOMATION

- temperature sensors
- solenoid valves
- pressure switches, thermostats
- pressure transmitters
- priority valves and flow meters
- flow control valves
- valves controlled by a motion sensor
- pneumatically operated valves

*Danfoss*

**OMAL**

**SIEMENS**

**Parker**

**CEME**

## REFRIGERATION AUTOMATION

- condensing units and compressors
- industry armature
- sensors and transmitters
- filter and sight glasses
- cables and heating mats
- pressure and temperature controllers
- appliance controls
- heat exchangers
- stop and shut-off valves, safety relief valves
- valves stations
- expansion and solenoid valves

*Danfoss*

**pitzno**

**Maneurop**  
RECIPROCATING COMPRESSORS

**SAGInoMIYA**

**Copeland**  
brand products

**SECCP**

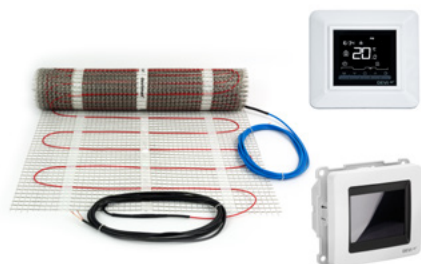

## HEATING AUTOMATION

- wireless sensors
- electric heating
- mult-stage, circulation, centrifugal pumps
- pressure and flow regulators
- temperature controllers
- weather regulators
- heat exchangers and heat nodes stations
- ball valves
- balancing and control valves

*Danfoss*

**Honeywell**

## ELECTRIC HEATING

- heating cables
- heating mats
- power cables
- thermostats

**DEVI**  
by Danfoss

## **MOTORS AND INVERTERS**

- HVAC
- for machines and cranes
- for pumps
- for compressors
- For fan

## **LV SWITCHGEAR**

- electric motor contractors
- time relays
- thermal relays
- soft starters
- contractors
- electronic contractors
- motor starters
- circuits breakers

## **HIGH PRESSURE HYDRAULIC**

- blocks - valves terminals
- high-pressure nozzles Anti Drop
- pumps - washing and humidifying
- high pressure pumps - tap water
- high pressure pumps - demineralized water
- valves for adiabatic cooling
- valves for humidification systems
- throttle valves

## **INDUSTRIAL FITTINGS**

- shut-off and check valves
- pneumatic and analog actuators
- knife gate valves
- pressure reducing valves
- automatic control valves
- three-way valves, ball and check valves
- control and protections of waer distribution system

## INSTALLATION FLUIDS GLYCOLS

**VARIOUS TYPES** – ethylene glycol, propylene glycol, potassium formate.

**Application:** refrigeration, air conditioning, heating installations, heat pumps, sprinkler devices.

Heat pumps

Refrigeration systems and air conditioning

and more

## HEAT PUMPS FOR LARGE OBJECTS

**Highly efficient** devices designed for heating and cooling and preparation of domestic hot water.

Our offer includes **ground heat pumps** and **air pumps**.

## SECURITY AGAINST LEAKS

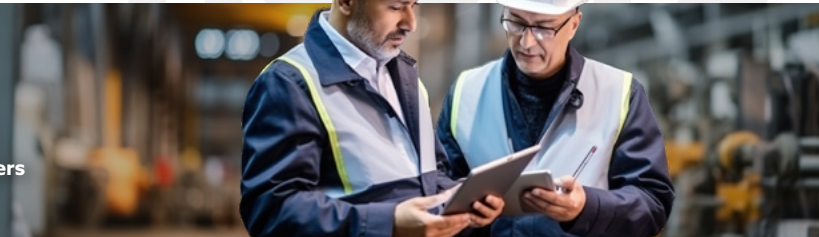

**Comprehensive, tailored solutions** for individual needs.

- shut-off valves - anti-flooding
- flow sensors
- leakage sensors
- alarm control panel

# AUDITS

## FAILURE RISK ASSESSMENT FOR INVERTERS

- list of devices at the plant
- determining the criticality of the state of individual inverters
- recommendation of actions

**We deliver products to:**

IGLOO

ANIMEX

GRUPA ŻYWIEC

TAURON

KORAL

MLEKOVITA

FANINA S.A.

FRONERI POLSKA

MASPEX FOOD
